Professional profile

Mechanical Engineering student, focused on applying design, analysis, and simulation tools in demanding technical environments. Strong interest in innovation, continuous improvement, and collaborative work, with experience in teaching assistance, applied research, and hands-on technical roles.

Education

- 2021–2026 **Mechanical Engineering**, *Pontificia Universidad Católica de Chile*, Santiago, Chile
- 2025 **B.Sc. in Engineering Sciences**, *Pontificia Universidad Católica de Chile*, Santiago, Chile

Experience

- 2022–2025 **Mountain Bike Instructor**, *EcoBike*, Santiago, Chile
- Planning and delivering classes for children and adults, ensuring safety.
- 2025 **Internship I – Automotive Mechanic**, *JGC Motors*, Santiago, Chile
- Supporting diagnostics and maintenance of automotive mechanical systems.
- 2025 **Undergraduate Research – Erosion simulation in turbulent flow**, *Pontificia Universidad Católica de Chile*, Santiago, Chile
- CFD modeling and simulation focused on erosion in turbulent flow.
 - Post-processing, analysis, and visualization of results.
- 2025 **Teaching Assistant – ICM2503 Manufacturing Processes**, *Pontificia Universidad Católica de Chile*, Santiago, Chile
- Teaching support: answering questions, reinforcing content, and assisting with course activities.
- 2024 **Teaching Assistant – ICM2803 Dynamics of Mechanical Systems**, *Pontificia Universidad Católica de Chile*, Santiago, Chile
- Teaching support: answering questions and assessing content.
- 2022 **Undergraduate Research – Cycling power meter with strain gauges**, *Pontificia Universidad Católica de Chile*, Santiago, Chile
- Participation in the design and implementation of experimental measurement using strain gauges.

Skills

- Technical CAD/CAM; CFD with OpenFOAM; Python programming; Microsoft Office.
- Soft skills Effective communication; teamwork; proactivity.
